Sign PDF Documents with eContracts Signature Technology

This feature allows you to sign PDF documents with eContracts mouse signature technology. You can also type your name and select your signature font.

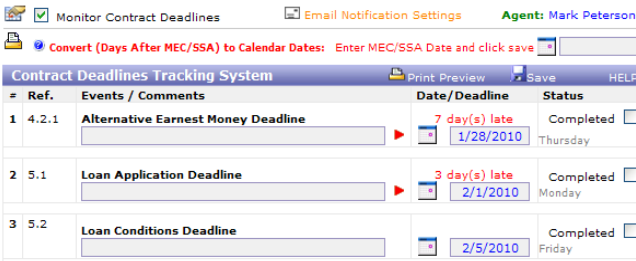

Document Management

Build your own electronic document archive. All the documents for listing and sale transactions can be uploaded in each transaction using many different file formats. Allowing you to access them from anywhere online.

Contract Deadline & Custom Deadline Tracking

CTM eContracts automatically tracks all contract deadlines for each transaction. Receive automatic email deadline notifications that can be fully customized for a specific delivery date. You can also create and add custom deadlines

Offer received by a CTMeContracts Agent

If you receive an offer from another CTMeContracts agent, with a click you can

Save All Docs to a File or CD

With a click you can save to a file or CD all your documents for a transaction, with messages, notes, etc.

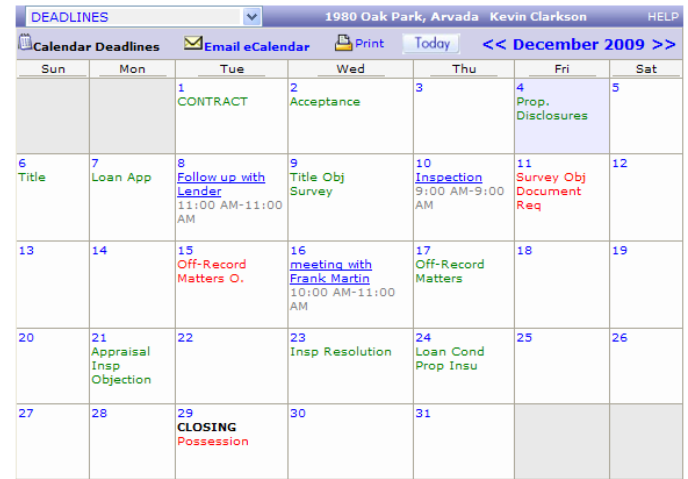

Manage your Transactions

Organize your transaction by Active - Under Contract Sold - Expired - Withdrawn - Canceled

CTM eContracts Introduction
2005-2015 CTM Software Corporation - All rights reserved.

Transaction Detail eCalendar (Real Time)

This eCalendar displays all deadlines and other events for a specific transaction. Once emailed to your client, there is no need to email it again. Your clients can open the eCalendar on a daily basis and view the status of the transaction in real time. Additional deadlines or events can also be entered.

Main eCalendar for All Transactions

eContracts also offers a Main eCalendar which allows you to view all transaction deadlines and events in one calendar. Display by Deadlines, Closing Date and Contract Exp. Date

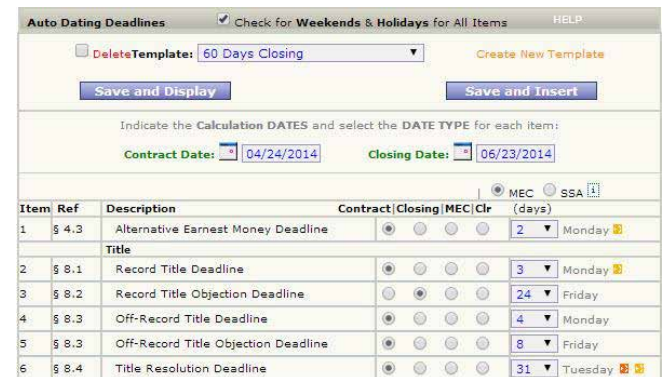

Client Access

Allow your clients and other participants to access multiple transactions from one single login screen. Customize and change the access per document, eContact Sheet and eCalendar at any time by sharing real time data.

Auto-Dating Contract Deadlines

CTM eContracts allows you to calculate your contract deadlines from either the Contract Date, Closing Date or MEC Date. Check the dates and skip over Holidays and Weekends. Create templates for different closing scenarios such as 30 Day Closing, 45 Day Closing, 20 Day MEC Closing, etc.
